Reaching the World Through the Gospel of Jesus Christ

Power of Prayer

Every true Believer knows that there is power in prayer. Who can count the many prayers our Father God has answered on our behalf? God is more than faithful to His Word. He tells us in Jeremiah 33:3, "Call unto me, and I will answer thee, and shew thee great and mighty things, which thou knoweth not." The call is not just a casual talking to God but a seeking for Him with all of our hearts. It is not just bringing our supplications to Him but listening for His plan and instruction for our lives.

God desires that we pray to Him. Like any good father would enjoy communing with his children, Our Father God enjoys talking with us. NOTE: not just listening but talking to us as well. Effective communication is a two-way process: talking and listening. How many times have we been guilty of going to God with our long list of wants, needs, and desires but never stopping long enough to hear what He has to say to us? God is not Santa Clause. We don't just climb up in His lap and give Him our list. God is our Father, and He desires our love and conversation. It is through prayer and obedience that we see the greater blessing from our God.
